

We understand fast turn-around of jobs is a critical factor. With our plate pressing and rolling equipment we have the capacity, plus the knowledge and experience to provide the highest quality of work along with the fastest delivery times in the industry.

Quality Service, Quality Products

**PLATE
ROLLING &
PRESSING**

TRADING AS PLATE ROLLING SA

Brake Pressing

Our extensive brake pressing capabilities set us apart from our competition. We can cater to most requirements, whether it be light repetitive pressing of many parts or heavy specialised pressing of an individual item.

1200TN X 8100mm Press - to form steels in thickness from 1mm to 100mm using mild steel, stainless, aluminium and various types of wear plate.

300TN X 3100mm Press - to form mild steel plate up to 16mm in thickness at 3100mm in length.

200TN X 3700mm Press - to form mild steel plate up to 10mm in thickness at 3700mm in width.

Plate & Section Rolling

Double initial pinch rollers on both sides and drop ends make loading and unloading fast and efficient. Heavy duty side support and top support arms allow rolling of heavy plates and large diameter cylinders and cones.

Section rolling applications include ductwork, arches, vehicle turntables, handrails and custom shapes for outdoor pergolas, canopies and roofing structures. RHS/SHS up to 50mm x 100mm x 5mm; Angle up to 50mm x 50mm x 8mm; 32NB pipe.

Flanging & Ductwork

Our equipment can handle the process of forming a flange on a rolled cylinder from 400mm diameter up to 1800mm diameter with a maximum flange length of 60mm and 6.5mm plate thickness, using both mild and stainless steels. Flange apron sizes range from 30mm x 3mm to 50mm x 3mm.

Ductwork can be rolled with angles up to 90 degrees, with or without holes in flanges.

Our Site

Our premises cover 10,500 square metres and include 1,200 square metres of workshop with a maximum height of 10 metres.

We are committed to:

- **Continuous improvement**
- **Performing to recognised industry standards**
- **Constantly earning customer satisfaction**
